Regional Delegate Quarterly Report
Washington Northern Idaho Region

January 2012

Dear Area and Group Representatives:

Each RCM received one Conference Agenda Report at region in January and will participate in a workshop to help familiarize them with the material so they will be better able to present the issues on the table you in the next few months. All groups should be considering purchasing or downloading a copy to better participate in the important issues we will be asking groups to vote on between now and April RSC. **Issues to be addressed in this year's CAR include:**

- New literature - Living Clean approval
- Service structure resolutions (whether and how we are moving forward with changes to our service structure)
- E book literature rather than pdf on web site - and the required changes to the fellowship intellectual property trust
- Proposed changes to the World convention rotation plan (affecting frequency and locations)

If you or other members are interested in following the discussions regarding the material in the CAR you may follow along at <http://disc.na.org>. This board can be viewed by any interested member. You can download a copy of the CAR at www.na.org/conference. **The user name is CP2012 and the password is WSC2012.** You can purchase CAR reports directly from NAWS for \$13 **Upcoming CAR workshops:**

To help gage our regions response to the items not requiring actual votes, but straw polls in the CAR we have set up a survey at kwiksveys.com where individual members or groups can log on and provide us with a broader look at how our region feels about things on the table at the floor of the conference, including specific comments and additional information re. questions, concerns or support. Please encourage your members to visit the site.

The literature survey and has been completed at this time and significant input was received. Out of the Literature survey should come recommendations for the next literature project for the program. The deadline for the membership survey was extended until Friday, 10 February 2012. Please visit the following site and participate. Completely confidential! http://www.na.org/?ID=membership_survey. This assists NA in ensuring that we are living up to our vision of being a "viable program of recovery"

In Loving Service
